### Hobbies

### About Me

I am a 29 year old, self-motivated professional with a passion of all things IT and 4 years of professional experience.

### Experience

#### IT Support Intern

2023

Washington County Government – West Bend, WI

- Re-imaged computers and deployed appropriate software to meet the county standards
- Assisted in several network refreshes to improve the quality of service of the county's network

#### Communications Technician

2015 - 2018

United States Army – Joint Base Lewis-McChord, WA

- Responsible for maintaining sensitive communication equipment in a thirty vehicle fleet
- Proficiently accounted for over one million dollars' worth of sensitive equipment for over a year period
- Recognized for meritorious achievement during an annual security inspection with zero deficiencies found

### Projects

- Assembled and configured two computers: a gaming desktop and a home theater server from scratch
- Designed my own home lab with a keystone panel, unmanaged switch and rack mounted computer
- Built a CRUD web application and implemented mitigations to protect it from web vulnerabilities
- Currently designing my own personal website using HTML, CSS and JavaScript

### Education

#### Information Technology - Cybersecurity Specialist

2024

Waukesha County Technical College – Pewaukee, WI

#### Information Technology - Network Specialist

2023

Waukesha County Technical College – Pewaukee, WI

### Honors
